The Call of this Prophet

I was brought up as a born again christian. However, not one of the churches I attended when I was young believed in all of the five fold ministry. Most of them did not believe in miracles today. As far as I know they would not have accepted the office of the prophet; and would consider anyone who called himself so a false prophet. This is what the Lord had to start with when teaching me concerning truth.

The Lord called me to be a prophet at age 18. During that time, from the call until He began to give me prophecies and visions (1973 to 1994), the Lord taught me concerning Him and the Bible. This was an important period when I had to learn the meaning of the call and of the humble obedience that was required. I had to learn to discern between the false and the true. It was a time when I had to get used to the idea of God speaking to me on a regular basis, which He did. Many concepts I had of the Bible and of christian practices had to give way to Biblical teaching.

It was after this teaching time that God began to give me prophecies, starting in 1994. I had received a few before this, but only rarely. From this time on God began to use me as a tool for His kingdom.

God has told me to publish the prophecies, visions, dreams, and other revelations that He has given me so others can read and understand what He has to say to the church and to the world today. Most of these deal with sin in the church and the judgments of God that are coming (and have already come) upon the earth.

The Prophecies for the Year 2002:

2002 01 11.1

Thus saith the Lord, Osama bin Laden has already put forth the command to attack the U.S. He has directed his people in the general outline of attacks that he wishes. They are now preparing to carry them out. So says the Lord.

2002 01 23.1

Now thus says the Lord, Canada in this year of 2002 shall be visited by God for judgment, for its sins have come up before the Lord. It shall be visited by storm, its shall be visited by fear, and it shall be visited by violence. For these judgments shall come upon it in this year in a severe way. I will bring it to pass, says the Lord, I will bring it to pass.

2002 01 27.1

This morning shortly after waking up, I was in prayer. During that prayer I began to doze off a bit and experienced the following.

I could see a man walking toward me. This man was bin Laden. As he walked I noticed he had something special above his head. It was a round item lightly larger than his head--something like a lamp shade with many colours intermingled--and it hovered just above his head as he walked.

As I watched the scene changed. His head was bare, his hair shaved off, and the item above his head was gone. I also noticed his beard had disappeared. He then fell down on the ground and appeared to be dead or greatly wounded.

Suddenly he rose up. But now the man was no longer looking like bin Laden. This was a different man. He had a beard and was dressed like bin Laden had been--the way you see him on television. The item above his head which made of many colours had come back.

This man had a long knife--almost like a short sword--in his hand. He held this knife like he was going to use it to stab someone. He then went forward to attack. This was the end of the scene before me.

After this the Lord showed me something else. This multi-coloured item that was first

Prophecies Through Thomas S. Gibson (2002)

above the head of bin Laden, and then above the head of the new man represented the position of leadership in al-Qaeda and other organizations of which the new man had power over. This was a new leader and the organization was again operational.

The this word from the Lord. Thus saith the Lord, this man is not bin Laden but a leader which will lead a new rebel group against America, Europe, and others. So says the Lord.

2002 01 27.2

Now this is the word of the Lord to all nations that are thinking of opposing My Israel. While Israel has been in sin and while this nation needs to be judged, do not oppose My nation Israel. Those that do so will be judged by the Holy One of God.

2002 02 16.1

As fear descends on American's, and also the rest of the world, listen not to the voice of your flesh, nor to the voice of the world and the spirit of the world. For listen to the voice of God. Protection shall be with you if you are mine, says the Lord.

2002 02 17.1

For thus says the Lord God. Never before in the history of the American's has there been a time like this. They stand at the forefront of the time of the greatest crash of a nation that this earth has ever seen. It will take some years to fulfill, but it shall take place. Coming up is a time that in one day many shall die and many shall see a terrible destruction that will come on America.

This is not a time to run and hide. It is a time to stand up and tell your neighbours that there is coming a time of great destruction. Stand and be known to the world that you are a christian that will tell the truth no matter how bad it may seem. For the truth shall set you free.

All of My people shall be protected during this time. But those who are not leading a life with the Lord Jesus as their leader shall not be protected and shall be judged. For the sins of the nation of America have come up before me and they shall be judged. So says the Lord!

Prophecies Through Thomas S. Gibson (2002)

2002 03 16.1

For thus says the Lord, this is the land of plenty that I have given: as Joseph when he served in Egypt, hand in hand with Pharaoh, during 7 years of good and 7 of bad. What I tell you, now is the time of plenty. These days are the days of plenty.

Coming are the days when there shall not be plenty. For the great economic crash, of which many do not believe, is arriving at the door. And when it has fully come many will still deny, saying, "it will return to normal, we will build back up." But every time they try they will fail. For My hand shall be upon it.

The love of money has risen up unto Me, and I am destroying it, saith the Lord, I am destroying it. So shall it be.

2002 03 27.1

When this nation of America fully comes to its knees My hand of oppression shall lift. Either it will come to its knees in repentance, or I shall bring it to its knees in wrath and judgment. So says the Lord.

2002 04 13.1

There are three kinds of ministers that are serving Me:

1. Those that delve deeply into the things of God.
2. Those that delve deeply into the things of God and follow Him.
3. Those that delve deeply into the things of God and build their own name and ministry.

Only the second type is doing the will of God properly. Those that delve deeply in prayer and fasting and follow with the work will be blessed by the Lord God in this time of trial to come. Those that fit into 1 or 3 do not receive the blessings like unto the second kind.

2002 04 14.1

While in prayer this morning the Lord reminded me of a vision which He gave me about 2 years ago concerning the economic crash. It contained a lengthy interpretation afterward explaining the various meanings of each part of the vision. He then gave me

Prophecies Through Thomas S. Gibson (2002)

some further interpretation of this vision. You will have to reread it for the following to make sense. Refer to prophecy # 2000 05 03.1; which is also quoted below:

2000 05 03.1

As I was waking up this morning—still partly asleep, and with my eyes still closed—I could see myself sitting in my little red car and driving down a road. I seemed to be distracted to my left and looking off into a field as I was driving. In front of me there was an average sized black car driving the same speed as me.

All of a sudden, and without any warning this car in front of me stops. It just stops dead, right in the driving lane! I realize that I cannot stop in time and will hit him if I don't do something quickly. Without thinking I do not even touch the brakes, but swerve to the right side and continue driving on the edge of the road. There is just enough room for my small car to make it.

At this point I open my eyes and the vision stops. Then God speaks this word to me: In the coming economic crash there'll be just enough room for those very economically minded people to make it through. They can survive this time of economic crash. No one else can really survive for any length of time.

I thought that this was the end, but as I closed my eyes again it continued. I continued to drive down the shoulder of the road. In the driving lane to my left there is now a long line-up of average sized black cars. They are stopped dead and bumper to bumper. So close are they to one another that I think they may be touching each other, but I am not sure if they were or not.

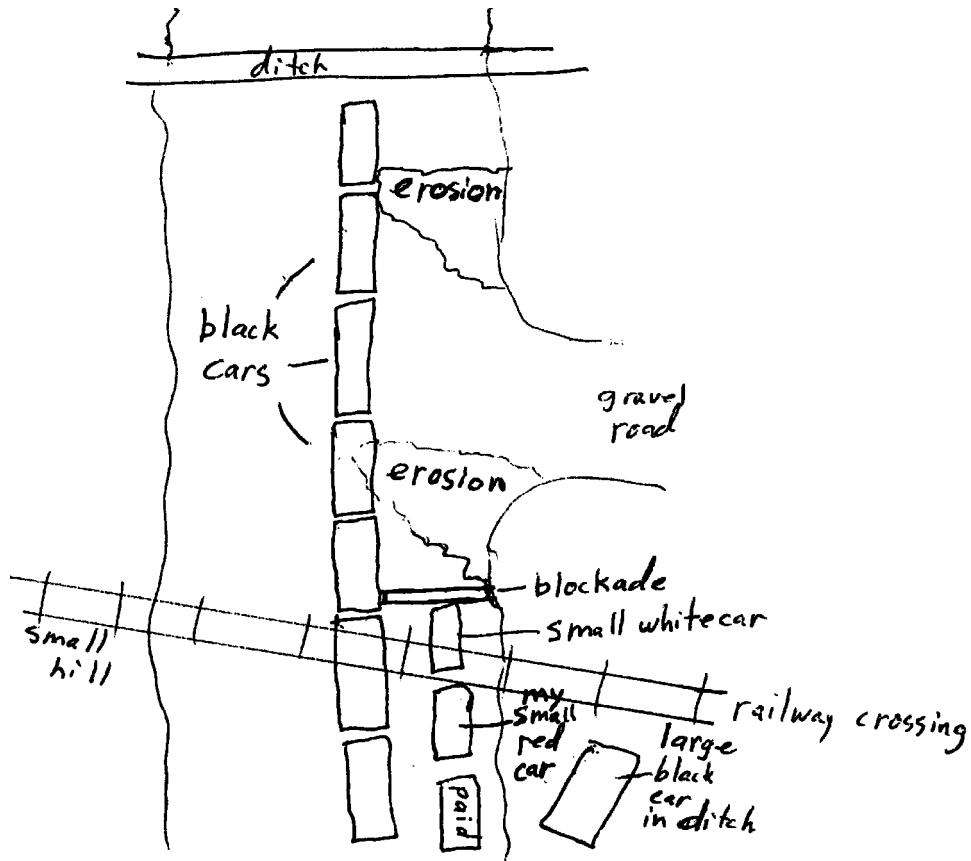

I notice that there are other cars like me driving down the shoulder. Both my car and the other cars are marked "paid." I had the impression in my spirit that we are alright, we can just make it.

I then see in the ditch to the right of us, people who have been driving large black cars. These people could not stop in time to keep from hitting those who stopped in front of them, and like me they swerved onto the right shoulder. But they did not have enough room there, and were forced into the ditch.

I notice that there are very few like me, who are driving small cars on the side of the road—very few, not many at all!

Prophecies Through Thomas S. Gibson (2002)

As I come up to a railway crossing I, and the few others, hit the brakes. Just over this small hill with the railway crossing on top is a blockade. This blockade was across the shoulder of the road where I was driving. There is still a line-up of cars in the driving lane as far as I could see. There is no more going down this road, the side is blocked completely!

As I look down the road, I am now above my car and the road and can see the side of the road caving in ahead of us. The bank of the road is just caving in more and more, and eroding without any noticeable reason. The bank erodes in an angle in the direction we were travelling toward the cars stopped in the driving lane. It gets close to them and then stops in a

Prophecies Through Thomas S. Gibson (2002)

straight line out to the normal edge of the road. The road seem better for a while and then this pattern of erosion is repeated. Also, the first erosion toward the line of cars stops just into a gravel road going off to the right. Most of this road is unaffected by the erosion as far as I can see. But I can only see a few feet of the beginning of it.

I sense that something else of importance is ahead but I can't see what it is yet. At this point I open my eyes again and the vision stops. When I close them, it continues.

As I move above the road, looking ahead to see what is important, I come to a real problem. Now I can see what I could sense before. There is a ditch across the road like it was eroded or deliberately dug. It goes all the way across. There is no going any further. This is where the black cars in the driving lane have first stopped. The road does continue further, but there is no way to cross, and no cars after this ditch. I look ahead as far as I can see, but I cannot see where the road goes—it is somehow blocked from view. But I can tell there was once a road in use there.

Then this word from the Lord:

Now thus says the Lord. This is the economic road. Those driving large vehicles will get stopped first. The large economic path that they think is so clear and so easy and so blessed and so full of money—they have put themselves into debt.

The cars represent the blackness of the love of money. And they are the black cars. Those people who are driving the largest and spent the most debt to get where they are—they will be in the ditch first, they will be in the ditch very soon from the economic crash.

Those people driving medium cars will try to stay where they are, stopped dead in the road, and continue no farther. But they themselves are in danger of economic crash. Only those people who have been very careful to pay things off can continue down this economic road for a short time. Once they get to this ditch across the road—there is no going farther!

At this point the economy of the United States, America, Canada, and much of the rest of the world, much of the rest of the world, will collapse. At this time it will collapse because of not an economic problems, but of an invasion of the United States of America.

Prophecies Through Thomas S. Gibson (2002)

Later in the day the Lord gave me some more information about the meaning of the vision. The car I am driving is red. The car ahead of me on the side of the road was white. This represents the Blood of Jesus which washes white.

Also the suddenness of the stop is important.

The evening after this vision God gave me some more interpretation. The road was flat except for the hill where the railway crossing was. He said that this hill was put there by Him so that people could not see the blockade ahead. The railway crossing is to make the hill appear natural on an otherwise flat road.

The gravel road represents economic rebellion against paying of debt and taxes to governments. I cannot see how people could get to this road from the side where I was driving and did not see anyone attempting to get on it.

The Lord also revealed that although the vision stopped without any erosion touching those black cars in the driving lane, it would do so later to some of them. The erosion would aim at individuals and groups. Then they would fall into the ditch like the other larger black cars.

--End of quoted vision--

The blockade is put there by God to stop His people, who are truly serving Him, from continuing down the road into the eroded area.

It is important when the crash occurs that finances be paid off and one not continue down the road--but to stop your financial spending. Driving down the shoulder represents trying to continue your regular life, but without debt. This is folly! One must stop or be stopped by God at the blockade!

The Gravel Road

As erosion continues toward those black cars in the driving lane **many** of them will try and turn onto this gravel road.

Those who are living the "high life" in much debt will try and turn onto this road which represents the continuation of their own economy by not paying taxes or debts. As they continue on this gravel road they will go even further into more direct forms of

Prophecies Through Thomas S. Gibson (2002)

theft to support their way of life. Eventually those that continue a long way down this road will become violent.

Not all will continue all the way down the gravel road--some will travel various distances and then decide to go no further on it.

2002 04 28.1

Thus says the Lord, My hands are tied concerning judgment. For if the people will not repent, and the sins are so many that they have come up before Me for judgment: then judgment shall occur! There is only the repentance of the people which can stop it. But Americans have not turned away from the sins which they have been so filled with. Therefore I am going to rain judgment upon them.

Now you will see some judgment, and then more. And some of it will be very severe; and some of it will be very hard to withstand. Yet it shall come stronger and stronger until the day I bring war on American soil. At that time and in that day America shall fall a great fall--down to third world nation level--and I shall have judged that nation.

Unless it repents all these things must occur. So says the Lord.

2002 04 28.2

For thus says the Lord, hear Me and know the time is short. The United States shall be hit severely--yet not immediately--but it shall come soon. A little while and the United States shall suffer a severe blow.

No, I will not bring a war on it yet, that is, not a war with a nation, but it will come from terrorism, from natural disasters, and other things I will bring against it.

I plead with America to repent. I plead with her to turn from her sins, to turn back to the God she once served. For if she would turn back to Me with a full heart I will end all judgment and bring blessing upon her. For this is My will, says the Lord.

2002 05 06.1

Thing I will bring to pass:

1. This will of God to bring America to its knees: America will be continually brought down by increasingly severe judgments of earthquake, power of enemy, weather, and other judgments of God.

Prophecies Through Thomas S. Gibson (2002)

2. America's only way out is to have a majority of the nation fall to their knees to bring themselves to a place where they will turn and truly serve the Lord!

3. The church has completely failed the nation of America. They have turned their back to God's ways and become as sinful as the world. For I find that they have openly committed fornication, that is, sex outside of marriage, without shame; they have committed adultery in that they have openly divorced and remarried as the world; they have done nothing about the sins within the church except promote and defend it—even the pastor's have been guilty.

4. Even Canada will now be judged by the side of America for they have gone much further than the U.S. They have promoted homosexuality in the government. The churches have ceased to stand against this; with some of the so-called churches supporting it.

5. There is to come much wrath of God on these two nations; but there must come a forgiving Spirit of God. For those who will fall on their knees I will forgive and even turn to bless them—even at the last minute during My wrath.

2002 05 06.2

When you see great wrath coming on the United States know that I am bringing down the economy.

2002 05 06.3

My people called by My Name shall humble themselves and not seek their own call, but obey as I direct them. Those who seek to make themselves great shall be destroyed. For many that are last shall be first, and those that are last are My true humble ones.

2002 05 06.4

Those that stand against My nation Israel shall be judged—both nations and individuals.

2002 06 21.1

This morning as I woke up and began to spend a short time in prayer before the Lord, He showed me the following in my spirit. It only lasted a brief second or two.

Prophecies Through Thomas S. Gibson (2002)

I could see smoke rising from what appeared to be a city centre. I could see heavy smoke coming from some of the high-rises as well as from below—possibly from the streets. I could not see the skyline or identify the city due to the obstruction by the smoke. There was no indication of when or where this would occur.

2002 06 22.1

The drought in Western Canada shall continue.

[The area through central Alberta and Saskatchewan has been experiencing a severe drought this year, as well as past years.]

2002 06 22.2

In the United States, says the Lord, I have directed terrorism to continue; and will direct it to continue. I will put My hand to them, and support them, and guide them to success, says the Lord. For the judgments of God are against America because of its sins which have come up before Me. Do not doubt—when I allow it, and when I direct it—there will be an attack against the U.S. again. This must be unless they repent. So says the Lord.

2002 06 24.1

Calgary [Calgary, Alberta, Canada] shall be judged by storms: storms of wind and storms of rain. They shall be severe in order to bring those who will listen to the ways of God to repentance.

2002 06 24.2

There shall be some of My people who will turn away after the false doctrines of the world. They shall seek money, they shall seek the pride of leadership, and they shall seek the monetary ways of the world by leading their followers to give, give, give. From the lusts of these leader's hearts they shall beg money in order to build *their* ministries with *their* name.

Prophecies Through Thomas S. Gibson (2002)

2002 07 21.1

Thus says the Lord. There are many ministries which preach money, money, money. They preach how to be rich. They preach how to make Me, says the Lord, bless them and make them rich. But I say, blessed are the poor in spirit.

These people who are in love with money, and preach the love of money, I say to them: you shall fall. When the crash, which has begun, has fully finished I will bring you down and destroy your ministries. For such deceit I will not have in My Body. The love of money is a root of all evil, and therefore, I must destroy it within My Body.

For the church must walk righteously before Me and I must burn out all sin which is found therein, and bring it to a place of purity, and to a place of holiness, and to a place of true repentance and obedience to the Spirit of God. So says the Lord God.

2002 07 21.2

For thus says the Lord, I am the God that controls all things. Therefore do not be in fear of what you see within the stock markets of the United States. They will suffer a series of setbacks in their reach to be a world power in the years to come. They will fall as a world power as I have stated through many prophets. They shall not regain that position again. Without repentance they cannot escape this prophecy.

2002 08 11.1

As I was in prayer this afternoon the Lord showed me the following: I could see a chart with one line on it. It went up and down in a jerky fashion. Suddenly it dropped off so low that it was almost off the bottom. Then it continued its jerky up and down motion, but it was now doing so very near the bottom of the chart.

Then the Lord said: this is the stock market. You will soon see the sudden drop off to the bottom. Many will not believe that it cannot rise again--but each attempt to resurrect their money god will result in failure.

2002 08 11.2

The year 2003 is marked for great destruction in America. Only repentance can save it.

Prophecies Through Thomas S. Gibson (2002)

2002 08 18.1

As I was praying the Lord showed me the following in my spirit. I could see President Bush from his left side sitting at a desk or table. He was saying, "We must get Saddam Hussein, we must get Saddam Hussein." (He said it twice).

As I watched he signed some type of paper. But he signed it with his left hand from the right to the left—just as the Arabic language is written. He signed this twice. I could not tell if he was signing two papers one above the other, or twice on the same page.

Then the Lord gave me this word. Thus says the Lord, these two statements by Bush, plus the two signatures, indicate each two agreements with Arabic nations. These two agreements are compromises by Bush in order to get permission to go into Iraq.

When he signs them, says the Lord, this will create ruffled feathers both in America and in Arabic areas as they find out what is agreed too; which will not be done until some time later.

2002 08 24.1

The first agreement [see 2002 08 18.1] the American President will make with the Arabic nations is to strongly support a Palestine state in the West Bank.

The second agreement will be their right to the capital of Jerusalem.

The U.S. President will then backtrack on these two agreements creating trouble on both sides—first to the right wing American politics, and then to the Arabic states.

2002 08 24.2

In the coming days I will, says the Lord, make unto the church a Spirit of power. This Spirit is My Spirit, says the Lord, and I will place it within any church that will humble themselves and obey my voice.

2002 08 25.1

Thus says the Lord. I will allow another terrorist attack on New York. This attack will create fear throughout the city.

Prophecies Through Thomas S. Gibson (2002)

2002 08 31.1

As the days draw nigh unto the end I will strengthen My people to be strong in the Spirit. For the days are here now that they must draw nigh unto Me.

The days are here that are troublesome and full of disasters.

Now hear this, says God of all. I have placed within My people protection and courage to follow their God and to serve their God in all of the persecution that shall soon occur. Now that you have entered into these last days, strengthen yourself in the fasting and prayer, for this is the only way to become strong for the Lord.

2002 08 31.2

The Lord says: George Bush shall not leave his office before the end of his second term, but rather shall be killed before that time.

2002 08 31.3

There shall come a time of great division within many churches. Several shall say, “go not after the world,” and the whole church that they are a part of shall persecute them. So shall it be in many, many, many churches. They shall persecute until My people leave the churches that they have called home.

Then, and only then, shall I raise up a people who will not compromise. These that come out from persecutions shall be My choicest of servants. They shall know the Lord and I shall lead them.

From them shall many new uncompromising churches rise and be lifted up for the world to see—a church undivided, sold out to the Lord.

Now learn to stand for the things of the Lord, not compromising the Word; and willing to walk in the persecution to come.

2002 09 2.1

Thus says the Lord. Red Deer [Red Deer, Alberta, Canada] is going to suffer severe storm damage. This will include tornadoes as well as other severe storms.

Prophecies Through Thomas S. Gibson (2002)

It is My will that this city will come under judgment until there is a substantial repentance.

2002 09 2.2

The city of Calgary [Calgary, Alberta, Canada] is to be judged by the crash of the economy. They have built this city on the love of money; therefore, they shall be brought down with the crash.

2002 09 24.1

Thus says the Lord. Watch and wait for the wrath of God is about to fall on America. Stay fast on Me, says the Lord. Watch and wait for My deliverance; but not the world's!

There is coming a time when My people will only be able to walk with Me by My power. There will be such disaster and persecutions that they can only be saved by daily walking with the Lord. Any turn to the world, to depend on it for their needs, will result in much trouble. For I am the Lord and they must depend on Me.

Listen and learn. When you see the next judgment on the U.S., both Canada and the United States will be in fear for their future. For they will turn to evil more and more; therefore, I will judge them more and more.

2002 09 24.2

So listen to the words of the Lord.

Spend time in the Word of God. Those who spend time in the things of the world will be influenced by it. Those who spend time in fasting and prayer will be guided by the Lord.

Spend time, therefore, before the Lord and His righteousness will be with you forever.

2002 09 24.3

Thus says the Lord. Remember that I have said, I am returned the church to the days of old.

Prophecies Through Thomas S. Gibson (2002)

It is high time that they that are called by My Name return in a complete way to the ways of God as outlined in scripture.

Therefore, study the Word of the Lord. Examine yourself to see how you measure up to that Word, because many have called on the Name of the Lord that were religious by the world's standard, but not by My standard.

2002 09 27.1

For thus says the Lord. Begin to look now for the fulfilment of the further prophecies of judgment of America. Begin to look and see them happening.

For they have not turned to repentance, but they have stayed the course toward their downfall with their sins.

2002 09 28.1

In the days of old the watchman stood on the tower and reported trouble coming to prepare the city.

Today I am sending many of My prophets into the world with warnings of what is too come--and who pays attention? They all with one accord turn their heads and do not want to be made aware--with only a few exceptions.

Now listen to the word. The time draws nigh. Soon America will shake with judgment and many will say, "Where is God? Why did He not stop it? If it is judgment, why were we not warned so we could repent?" These things shall they say.

2002 09 28.2

When the crash comes I will bury Canada in debt. It thinks it is doing good economically, however, I shall soon turn this nation's economy around. So says the Lord.

2002 09 30.1

I am willing, says the Lord, to relent of all My judgments on America as soon as she turns away from her sins. Turn away from the sins and I will turn away My wrath.

Prophecies Through Thomas S. Gibson (2002)

But do they cease from the love of money? I will turn their economy upside down.

Do they turn from their pride which says America is great of itself and refuse to give God the credit? I will topple the nation till she is a shadow of herself.

2002 10 10.1

Hear the word of the Lord. Canada will lose its ability to balance their budgets because of the downturn and crash of the economy.

Therefore, I have stated by this My word that there will be no more balanced budgets. I will bring so much debt to Canada that they will marvel at this problem; and I will never again, from this moment on, allow the budget to be balanced.

So I will end the prosperity of Canada.

2002 10 20.1

For thus says the Lord.

I am that I am. All those who look toward the eyes of man for their guidance shall now receive the prophets that they have sought. They shall see and believe the false prophets that have gone into the world.

For thus says the Lord. Those who dwell in the thinking and lusts of the world will be drawn into the sins of the false prophets. Do not despise this word. For the Lord will give unto the sinner the evils of his heart until it is time for the wrath of God.

2002 10 23.1

While I was in prayer I could see in my spirit President Bush as I had seen him earlier [see 2002 08 18.1]. I watched him signed again. But this time it continued and I saw him lean back in his chair and say, "I will do anything to get into Iraq." Then the Lord gave me this word:

For thus saith the Lord. What you have seen is right. He has said it, and he has meant it.

Prophecies Through Thomas S. Gibson (2002)

2002 10 25.1

Now in these days, says the Lord, there shall come a renewal of My power within the church. There are many that shall say this is so. But I say, says the Lord, that it is not the church that you see today that shall be renewed, but rather those that I call out of the organized religious institutions that shall be renewed.

For they shall be called out and they shall seek Me with a pure heart, and I shall answer them and they shall be endowed with power from on high as in the days of the book of Acts.

For when people put aside their former beliefs and turn with a whole heart unto Me, they will find that I still anoint and empower as I have always done.

2002 10 25.2

For thus says the Lord. I am always with you even to the end of the world.

Look not to the world for the answers to the coming troubles. Look unto the Word of the Lord, and look unto the direction of the Holy Spirit in your life. For I will protect Mine Own in the coming days! Nothing shall harm them if they walk with Me and follow Me. Only those who seek answers from the world can be endangered.

2002 10 26.1

For thus says the Lord. Coming will be a day in which discrimination and persecutions against My uncompromising people will grow to frightening proportions. There shall come in both Canada and the U.S. a persecution that will never be equalled in these two countries.

Never before will the people be so strong against those who call themselves by My name and hold the Bible as the true and uncompromising Word of God. Never before will there be such power against My people.

But during this time My people will rise up in the strength of their Lord and do might works and deeds. For this will be the time of true revival, and I will be in their midst, says the Lord.

2002 10 26.2

For in the days to come there will arise a great persecution against My people, the Jews. They will be hurt and beaten by those who will blame them for the world's troubles.

Prophecies Through Thomas S. Gibson (2002)

2002 10 29.1

For the judgment of God is rising against America. Canada shall not escape. Many nations shall be judged in the next few days, months, and years. I have delivered many nations to be judged.

Now, says the Lord, is the time to call for the repentance of a nation. There are those who call unto Me to say, "forgive America," but I say judgment will fall. Only repentance can save a nation.

Calling on Me for protection, but not repenting, does not bring protection; but rather judgment. For only a true cry unto Me, and a turning from sin, can change the course I have stated.

2002 11 1.1

For thus says the Lord. America is due judgment. My hook is in Bush's nose to pull him into war with Iraq. And when he goes to war, America will be judged in a great way.

For thus says the Lord. America, America why have you forsaken Me?

2002 11 13.1

America, America, why would you not turn from your sins. You have longed to rule over others and therefore you shall be ruled over. You have sought the sins of the world and therefore you will have the world judge you.

Listen unto Me, says the Lord, if you would have repented and turned back to the true God of all, I would have blessed you, and all of the wrath to come would be stilled. But you would not listen and have gone after the world, and therefore, your enemies there will judge and condemn you.

Seek not the ways that are pleasing to the world or pleasing to the flesh; but seek only the ways of God so that you can walk in blessing and not in curse.
